

Added Benefit of Being an Affiliate Member:

Affiliate Members are invited to a screening of the documentary "Being Mortal" and a discussion on end-of-life issues being held at four locations statewide -- free of charge.

The special screening is part of the Association on Aging in NY's Regional Caregiver Forums that address caregiver related issues. The forums are provided each year by the Association and funded through a grant by the New York State Office for the Aging (NYSOFA).

Pre-registration is required [click here](#) as there is limited seating at our venues. Once maximum seating capacity is reached, registration will be closed.

"Being Mortal" Screening and Discussion:
